

Zoho Level 2

| Topic / Main Area | LeetCode ID | Question Title | Link | Why It Fits Zoho Round 2 |
|-----------------------------------|-------------|--|----------------------|--|
| Strings | 76 | Minimum Window Substring | Link | Sliding window + frequency — Zoho loves pattern-based substring logic. |
| | 438 | Find All Anagrams in a String | Link | Sliding window, string permutation detection. |
| | 383 | Ransom Note | Link | Character frequency, string-to-hash logic. |
| | 242 | Valid Anagram | Link | String comparison, frequency counting. |
| | 8 | String to Integer (atoi) | Link | String parsing, edge handling — Zoho loves this for input parsing. |
| | 28 | Find the Index of the First Occurrence in a String | Link | Substring search logic (Naïve/KMP-like). |
| Arrays | 11 | Container With Most Water | Link | Two-pointer optimization — perfect for Zoho’s “maximum/minimum” type. |
| | 15 | 3Sum | Link | Array + sorting + two-pointer, common Zoho style. |
| | 33 | Search in Rotated Sorted Array | Link | Modified binary search — logic tracing. |
| | 73 | Set Matrix Zeroes | Link | Matrix simulation + constraint handling. |
| | 74 | Search a 2D Matrix | Link | Binary search in grid, clean logic check. |
| | 162 | Find Peak Element | Link | Binary search + condition checking. |
| | 442 | Find All Duplicates in an Array | Link | Index trick logic, high placement potential. |
| | 268 | Missing Number | Link | Simple math XOR logic — fits Zoho patterns. |
| Math / Number Theory | 172 | Factorial Trailing Zeroes | Link | Math computation — direct but logical. |
| | 263 | Ugly Number | Link | Number manipulation, common Zoho logic test. |
| | 67 | Add Binary | Link | Binary addition simulation. |
| | 66 | Plus One | Link | Carry logic — classic Zoho interview test. |
| | 43 | Multiply Strings | Link | Manual multiplication — strong logic test. |
| | 29 | Divide Two Integers | Link | Bit manipulation + math simulation. |
| Simulation / Greedy / Logic | 55 | Jump Game | Link | Reachability / greedy — often seen in Zoho. |
| | 122 | Best Time to Buy and Sell Stock II | Link | Profit accumulation — Zoho favorite. |
| | 621 | Task Scheduler | Link | Greedy + frequency — scheduling simulation. |
| | 56 | Merge Intervals | Link | Sorting + merging logic. |
| | 380 | Insert Delete GetRandom O(1) | Link | HashMap + ArrayList combination. |
| | 735 | Asteroid Collision | Link | Stack simulation — modern logical test. |
| Grids / Backtracking / Validation | 79 | Word Search | Link | DFS + backtracking — standard Zoho-type grid logic. |
| | 130 | Surrounded Regions | Link | DFS flood fill style. |
| | 463 | Island Perimeter | Link | Grid boundary simulation. |
| | 48 | Rotate Image | Link | 2D transformation. |
| | 64 | Minimum Path Sum | Link | Grid + DP — excellent for logic building. |
| | 62 | Unique Paths | Link | Combinatorics + DP — frequent Zoho ask. |
